

Power Pitch Intake Application

INTAKE #: INTERNAL USE ONLY

Instructions

1. Complete this form in full; incomplete forms may result in your application being disqualified.
2. When complete, please upload the completed form to the Power Pitch website.
3. Toronto Hydro will respond to your application indicating whether or not you've been selected to participate in Power Pitch.

Completion of this form doesn't guarantee participation in Toronto Hydro's Power Pitch. Applications will be reviewed by Toronto Hydro and included in the Power Pitch event at our sole discretion. The Power Pitch Committee will review your application in greater detail to confirm or deny your entrance.

All information submitted at the application stage must be non-confidential. All entrants retain intellectual property of their solution. If necessary, Toronto Hydro may seek additional information and clarification about your application.

Power Pitch information

Toronto Hydro is looking for innovative ideas for products, services, technologies and business models that can make a big impact on our electricity systems.

Your proposal or offering must support our legacy equipment while being flexible to meet future needs and changes of the utility. Your submission should include operational and implementation details, scalability and projected impact to customers and Toronto Hydro. For more information, please visit powerpitch.ca.

Do you have a great solution you'd like to pitch? Please use the boxes on the following page to provide a high-level description of your pitch for consideration by the Committee.

Power Pitch Intake Application

Please describe what services or goods your company can provide to Toronto? Have you implemented any of these solutions at other utilities? If so, where? (Please provide utility and geographic information.)

Please describe how your proposed solution is innovative and would be considered as meeting Toronto Hydro's needs.

Please use this space to provide any additional details about your pitch.
